---	--	--

THIS matter came before the Court upon Respondents' Notices of Motion and Motions to Dismiss filed on October 15, 2024 ("Motions to Dismiss").

This Court held a status conference on November 21, 2024. At that conference, this Court allowed Petitioners an additional opportunity to file written responses to the Motions to Dismiss by December 13, 2024. Petitioners filed a document entitled a "Response to Motion to Dismiss" on December 11, 2024.

A hearing on the Motions to Dismiss was held on December 19, 2024. Attorney Dione Carroll appeared as counsel for Respondent ISWA Development Corporation and Chief Brian Harris. Greg Smith appeared on behalf of the Executive Committee. Petitioner Todd Wilson appeared on his own behalf, *pro se*, and Petitioner Whitney Brown did not appear.

Having considered the record submitted to the Court and the arguments of counsel and parties, this Court finds that Respondents' Motions to Dismiss should be granted without prejudice.

IT IS ORDERED AS FOLLOWS:

1. All causes of action against Respondents are dismissed without prejudice.
2. Petitioners have leave to amend their Petitions within fourteen (14) days of the date of this Order if they can satisfy the standing and exhaustion of administrative remedies applicable to this case's bid award. After fourteen (14) days, if no adequate amended pleadings has been filed, the dismissal shall become final.

This 27th day of December 2024.
